

ODOR-X

For Odor and Waste Abatement

Odor-X is an all-natural, bio-catalytic odor suppressant and waste reducer for use with livestock barns, manure pits, lagoons, septic tanks, and sewage treatment facilities.

MODE OF ACTION: Odor-X stimulates the microorganisms that break down odor-causing compounds, such as sulphides, mercaptans, sulphur dioxide, aldehydes, amines, and ammonia, which are synthesized generally by anaerobic environments. The results are improved odor, promotion of aerobic waste reduction, better animal health, reduced fly and pest infestation, and an acceleration in the breakdown of manure and other organic materials.

DIRECTIONS FOR USE:

Poultry, cattle and swine barns -- Dilute one part Odor-X in 10 parts water and spray on walls, ceilings, and floors. Repeat every two weeks or as needed.

Manure pits, lagoons, and sewage treatment facilities -- Mix at least 15 parts per million of Odor-X in the liquid waste.

Gallons of Waste	Cubic Feet of Waste	Odor-X to Add
1,000	130	3 Ounces
7,500	1,000	1 Pint
15,000	2,000	1 Quart
50,000	6,500	1 Gallon
100,000	13,000	2 Gallons
325,829	43,560 (one acre-ft)	6 Gallons

**SHAKE WELL
BEFORE USING**

Septic tanks -- Pour one cup (8oz) Odor-X down the drain every month.

CONTENTS: bio-catalytic concentrate, anionic surfactant, activated carbon, and lignin.

Safety Instructions: Odor-X is environmentally safe and non-toxic to people, animals, plants, soils, and surface & ground water. Keep out of reach of children.
