RE: Morning Ambient Air Monitoring Activity – 6/29/2026
City of Galena Construction and Demolition Landfill
KDHE Permit No. 738
Galena, Cherokee County, Kansas

Dear Mr. Reed,

Ambient air monitoring was conducted on the morning of June 29, 2026, for hydrogen sulfide (H₂S) around the Jordan Disposal Landfill. Per manufacturer recommendations, the Jerome J605 unit was regenerated and fresh air “zeroed” using the appropriate zero air filter prior to sampling the ambient air for H₂S concentrations at eight (8) predetermined locations. Basic weather information was collected at each location at the time of sampling from the Apple Weather Application and documented along with the H₂S reading from the J605 unit. The sampling locations are exhibited in Figure 1 attached to this summary letter, and the collected data is presented in Table 1 below.

Table 1: Ambient Air Monitoring for Hydrogen Sulfide

Testing Address	Date	Time	H ₂ S Reading (PPB)*	Wind Direction	Wind Speed (MPH)	Temp (°F)	Sulfur Odor**
1 st & Galena Ave	6/29/26	0937	0.00	SSE	17	82	No
Front St – E. of Bridge	6/29/26	0941	4.24	SSE	17	82	Intermittent (L)
Front & Bellevue St	6/29/26	0944	0.00	SSE	17	82	No
NW of LF Working Face	6/29/26	0951	0.00	SSE	17	82	Intermittent (L)
1401 K 66	6/29/26	1004	0.00	SSE	17	82	No
3 rd & Bellevue St	6/29/26	1010	0.00	SSE	17	82	No
4 th & Lincoln Ave	6/29/26	1014	0.00	SSE	17	82	No
5 th & Joplin St	6/29/26	1016	0.00	SSE	17	82	No

* Readings less than 3 PPB are below the J605 instrument detection range and cannot be accurately verified.

**A value other than “No” in the Odor column indicates the presence of a rotten egg smell indicative of sulfur in a manner described as intermittent or consistent. It may be further described as a light or strong odor indicated by an (L) or (S), respectively. e.g. Intermittent, Intermittent (L), Intermittent (S), Consistent, Consistent (L), Consistent (S)

- It must be noted that odor documentation can be subjective, and it is based on the discretion of the technician collecting the data.

The monitoring was conducted by Blake Lasseigne, and the opportunity to provide this service is very much appreciated. If you have questions, comments, or need additional information, please do not hesitate to reach out.

Sincerely,

Shane McKinzie
