RE: Comment on April 2026 Ambient Air Monitoring Activities  
City of Galena Construction and Demolition Landfill, Solid Waste Permit 738

Ms. Roberts:

The Kansas Department of Health and Environment – Bureau of Waste Management (KDHE-BWM) has reviewed the April 2026 Ambient Air Monitoring Activities Report for the City of Galena Construction and Demolition (C&D) Landfill, Solid Waste Permit 738. The ambient air monitoring activities was conducted on April 21, 2026 by TriCore Group, LLC, in accordance with the Kansas Administrative Regulations (K.A.R.) 28-29-333, and the approved ambient air monitoring protocol of October 6, 2025.

The April 2026 report did not indicate there were any hydrogen sulfide detections above the action level of 0.1 parts per million (ppm). There were no detections of methane measured. The report is in compliance with K.A.R. 28-29-333(a)(4).
