**RE: Comments on October 2026 Ambient Air Monitoring Activities**
**City of Galena Construction & Demolition Landfill, Permit 738**

Ms. Roberts:

The Kansas Department of Health and Environment – Bureau of Waste Management (KDHE-BWM) has reviewed the submitted October 2026 ambient air monitoring activities report for the City of Galena C&D landfill, Solid Waste Permit 738. The ambient air monitoring activities were conducted on October 19, 2026, by TriCore Group, LLC, in accordance with Kansas Administrative Regulations (K.A.R.) 28-29-333, as well as the approved Ambient Air Monitoring Protocol dated October 6th, 2025.

The report was submitted in compliance with K.A.R. 28-29-333(a)(4). The report does not show concentrations of landfill gas that meet or exceed the action levels for methane or hydrogen sulfide outlined in K.A.R 28-29-333(b).

If you have any questions or comments, you may contact me at (785) 296-6561 or <ruth.steinshouer@ks.gov>, or Finn Collins at (785) 291-3745 or <finn.collins@ks.gov>.

Sincerely,

Ruth Steinshouer
